I'm sorry. I meant the museum at PBW. Sorry for the confusion. When would be a good time for me to do filming there?

Teresa this is for the museum here I think ?

I dont want them to do one for vermonica I am pretty sure it is for the museum here

Megan, can you please connect with him dont even bring up vermonica...

Thanks

Ed

Hi Teresa,

Emailing you and Ed as you requested. I'm not sure if you're aware of this project but the PAO is producing a quarterly employee newsletter. For our first edition, we would like to include a video "tour" of the street lighting

museum on Santa Monica Blvd.

The contact I have at the museum is Eddie Chavez though both the phone and card I have for him appear to be the wrong number. Who is the best person to call over there so I can arrange a date and time to do some filming?

Thanks!

C
